

INDEPENDENT CONTRACTOR VERSUS EMPLOYEE

Mr. Gilliland has written a paper for the National Private Duty Association entitled, “Independent Contractor Versus Employee: A Fundamental Legal Challenge When Providing Home Care Services using Independent Contractors.” The paper identifies the common mistakes made in determining if a worker is an independent contractor or an employee. It then gives an overview of the considerations involved in determining if a worker is an independent contractor or an employee for various purposes.

The paper is available on the website of the National Private Duty Association. Go to:
